## OBJECTIVE

Aspiring Full-Stack Developer skilled in React, Next.js, Node.js, and modern web technologies. “Strong problem-solving and algorithmic skills in C++, With 110+ DSA problems solved”. Passionate about building scalable, responsive, and users-friendly applications while delivering optimized and innovative solutions.

## EDUCATION

<b>Chandigarh University</b> , Punjab, India	2023-2027
Bachelor of Engineering in Computer Science   CGPA: 7.49	
<b>Shree LN Academy</b> , Madhya Pradesh, India	2021-2022
Intermediate (MPBSE)   Percentage: 83	
<b>Shree LN Academy</b> , Madhya Pradesh, India	2019-2020
Matriculation (MPBSE)   Percentage: 90.33	

## TECHNICAL SKILLS

<b>Programming Languages</b>	C++, Java, JavaScript, C, SQL
<b>Frameworks &amp; Platforms</b>	Node.js, React.js, Next.js, Tailwind CSS, ASP.NET
<b>Frontend &amp; Backend</b>	HTML5, CSS3, Responsive Design, REST APIs, JWT Authentication, Integration & Testing(TestNG, Selenium)
<b>Databases</b>	MongoDB, MySQL
<b>Tools &amp; Others</b>	Git, GitHub, IntelliJ IDEA, VS Code

## PROJECTS

### **Visitor Pass Management System — Full Stack Web Application** Feb 2026 - Present

- Developed a secure Visitor Pass Management System using Node.js, Express, MongoDB, and JWT to manage visitor entry/exit with role-based Admin and Security roles.
- Implemented auto pass generation, real-time dashboards, and visitor tracking, improving security and operational efficiency for organizations.
- Built modular REST APIs, role-based authentication, and input validation for a scalable, maintainable, and production-ready backend.

### **Cross-Browser Testing On YouTube — Automation Testing Project** Nov 2025

- Developed automated cross-browser tests using Java and TestNG to validate web functionality across multiple browsers.
- Configured TestNG suites, “Maven project configuration”, and .gitignore for structured and maintainable test automation.
- Executed browser compatibility testing to ensure consistent user experience and report generation for web applications.

## CERTIFICATIONS/ACHIEVEMENTS

- Infosys R Language | 2024
- AWS Certified Solutions Architect – Associate | 2025
